Drafting

Specifications
The Drafting Table is a complete ruggedized 4K Ultra HD multitouch table. It features an angled display and industry-leading touch technology from 3M™ with support for 80 touch points. The Drafting Table is equipped with a powerful integrated Intel™ i7 quad core computer, the latest NVIDIA™ discrete graphics cards, and single push-button power.
The Drafting Table’s beautiful design is also incredibly tough. Its sleek lines are forged out of aircraft-grade aluminum and covered with a durable powder coat. The Drafting Table is quality-built in the USA, and ships as a complete, turnkey system with lockable, push-button operation. Just plug it in and turn it on. It doesn’t require a technician or any special installation setup. All of Ideum’s hardware is backed by a three-year manufacturer’s warranty.
